WORK ABOUT

Cities: where climate action can have the most impact

Related topic
Director: Sophie Demuth
Project: Urban Greening

Cities are leading the way in addressing the climate crisis. They are responsible for 70% of global greenhouse gas emissions. Cities are also responsible for 70% of the world's population. Cities are the best place to live, work, and play. Cities are the best place to live, work, and play. Cities are the best place to live, work, and play.

Our third decade of climate action:
Realizing a carbon-free future

Josephine Gosselmann, Director of Climate Action, is the lead for the City of Vancouver's Climate Action Plan. She is responsible for leading the city's efforts to reduce greenhouse gas emissions and achieve a carbon-free future.
